Review for Vadym Martsenyuk – International Investment Lawyer

We are a Lithuanian-Ukrainian hardware company, and we have worked with **Vadym Martseniuk** on multiple occasions for legal consultations, contract drafting, and contract review with amendments.

Each time, we have been extremely satisfied with his services. The most impressive aspect of working with Vadym is the **speed of service delivery**—he consistently provides fast and efficient assistance. Additionally, everything is handled **professionally, with a high level of expertise and cultural awareness**.

We highly recommend Vadym for anyone seeking a **reliable and knowledgeable legal expert in international investment law**.
